

ASSOCIATION OF BRITISH AIRWAYS PENSIONERS

Dear Member,

Annual General Meeting – 24th October 2023

It's my pleasure to welcome members to our annual general meeting. I am probably as surprised as you are to find myself as the Chairman of our Association. I only became involved with the Committee at the end of last year, and a series of unexpected circumstances led to me putting myself forward as Chairman. Proof if ever it was needed that there is nothing stopping any of our members getting involved and paying an active role in our Association. I do not plan to stay on as Chairman, but that requires another candidate to put themselves forward – please do consider whether your skills and knowledge could benefit all of us.

I am eternally grateful to Mark Fielder and Peter Saxton who have also chaired the Association in the last year. Their wise counsel and support will benefit the Association into the future.

Please do take the opportunity of this AGM to present your questions to us. I would also encourage members to actively consider supporting your association. ABAP will only continue to thrive if we have an input of new blood into the committee. There's a wealth of ability and talent that serving and former staff have, which we could use to good effect in working for BA pensioners.

You will note that the Proxy Voting Form is printed on yellow paper. The use of this or membership cards will form confirmation of your voting eligibility at the meeting so please bring one of these with you.

I look forward to meeting you at the AGM

Ian Cunningham
Chairman
